Duncan Community Healthcare is managed by Canyonlands Health Care, a Federally Qualified Community Health Center. The Duncan health clinic offers a variety of primary care services including: Diabetic care, management of high blood pressure, well woman exams, pediatric care, occupational medicine, immunizations and laboratory services.

The Center was opened in 2006, following the legacy started by Doctor Lovett who had the practice for fifty five years. Services are provided regardless of the patient's ability to pay. The center has financial counselors on-site who can assist with AHCCCS applications, sliding fee programs, and private insurance offered through the Accountable Care Act.

The center is committed to serving the community and maximizing the health of our patients. Come by and meet our dedicated staff.
